## VASE Tonesetter 18 Combo Guitar Amplifier

Single Channel 18 Watt Valve Combo Guitar Amplifier + 12" Celestion Loudspeaker

**\$2,695.00**

The VASE Tonesetter 18 Combo Guitar Amplifier offers a wide range of clean and overdriven guitar tones in a compact and convenient 18 Watt combo style amplifier.

High and Low Gain Inputs accept a wide range of passive and active instruments. The preamplifier Gain and Master Volume controls provide all the classic guitar tones at any output level. Ultra-clean glassy shimmers to powerful rock oriented overdriven lead and chord textures are enhanced and shaped with the simple yet wide ranging Tone control.

The classic Celestion 12" Greenback loudspeaker delivers all the volume, clarity and punch that this amplifier can produce. For added versatility the Tonesetter 18 Combo is provided with loudspeaker output jacks allowing an extension loudspeaker cabinet to be used in parallel with the internal loudspeaker.

The Tonesetter 18 Combo is available in the four original VASE vinyl colours and four colours of grille cloth, providing sixteen custom colour combinations.

Hand-wired and constructed in Brisbane, Australia the Tonesetter 18 Combo continues the deep tradition for quality craftsmanship, acute attention to detail and an absolute passion for high quality musical instrument amplifiers.

The Tonesetter 18 Combo Guitar Amplifier is ideal for personal practice, studio recording and high impact on-stage performance.
