VASE Bass Cabinets

VASE V2-10H, VASE V4-10H, VASE V6-10H, VASE V8-10H and VASE V1-15H

\$995 - \$2495

The VASE Bass Cabinets provide a deep sustained bass fundamental, a fast well defined midrange, and highly articulate highs to perfectly reproduce the power, energy and nuance of the modern bass performance.

VASE Bass Cabinets are loaded with 1 to 8 VASE loudspeakers which are optimised for bass instrument reproduction. A VASE HF50 high frequency horn, complete with crossover and attenuator, provides high frequency attack and definition for the ultimate bass tone.

Chrome plated steel locating “dishes” positively position the stacked amplifier on top of the cabinets. Steel bar handles and rubber feet are fitted.

The Bass Cabinets are finished in hard wearing AcoustiCoate black elastomer coating with a stylish black grille. VASE also offers the option of finishing the cabinet in the four original VASE vinyl colours and four colours of grille cloth, providing sixteen custom colour combinations.

Manufactured in Brisbane, Australia the VASE Bass Cabinets continue the deep tradition of quality craftsmanship, acute attention to detail and an absolute passion for high quality musical instrument amplification.

VASE Bass Cabinets
